Medi Point – access to the specialized partner network

Medi Point is Zurich's network of select partners throughout Switzerland. Zurich employs this network to provide focused, individual case support and case management.

Your benefits at a glance

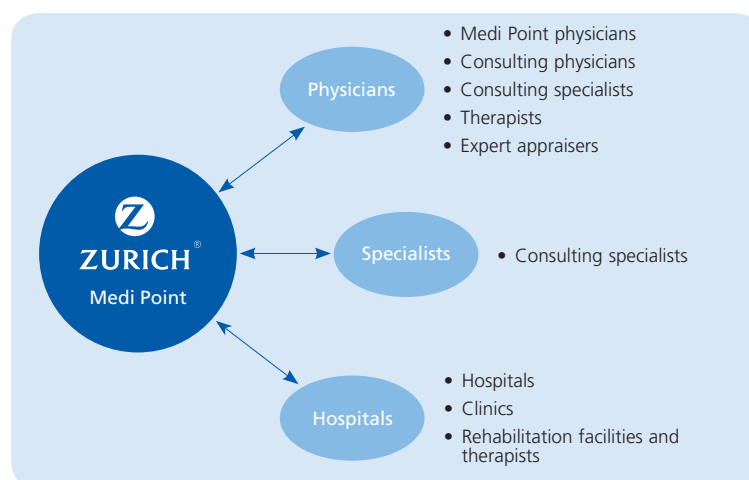

- Initial point of contact for accidents after emergency phase
- Rapid, easy access to specialists
- Comprehensive information about alternative treatment methods
- Active support with reintegration into the work process

Medi Point is available to Zurich customers as an initial point of contact. Based on their needs, individuals who have had an accident or have an illness receive

- rapid access to optimum treatment methods (above all with respect to specialists involving long waiting periods);
- immediate and unbureaucratic counseling and support when searching for a suitable benefit provider.

Medi Point network

The network members are physicians, specialists, hospitals and rehabilitation facilities. These providers guarantee the quality of their benefits and optimal cooperation together with simplified administration.

Medi Point access

Access is given to all employers who insure their staff with Zurich for accidents (LAI and LAI supplementary) loss of earnings due to illness or for occupational retirement provisions.

- The employer immediately reports cases of inability to work to Medi Point; these employees are given access to external medical and therapeutic partners. In this way, they rapidly receive the appropriate treatment and security regarding the choice of physician and treatment method. The free choice of physician remains unaffected.
- The employer or his/her human resources department reports claims immediately via SUNET, in writing, by phone or via the online platform.

Medi Point services for employers

- Secures rapid, appropriate and high-quality recovery process for incapacitated employees
- Inability to work reviewed in uncertain cases
- SUNET software solution for simplified claims and absence management

Medi Point advantages for employers

- More rapid reintegration of employees into the work process (less IV)
- Reduced administrative expenses thanks to SUNET

Employer's contribution

From the perspective of MediPoint, the employer can have a positive impact on the incapacity to work and reintegration process by:

- Informing employees about Medi Point services
- Implementing a clear internal notification process in case of inability to work
- Enhancing the choice of the treating physician with Medi Point
- Immediate claim notification via Zurich SUNET
- Actively supporting the reintegration process (workplace adjustments, offering work options for partial disability etc.)
- Assistance from qualified employees for individuals who have had an accident or who are ill.
