

# Wedding insurance

Play it safe on your special day.

We're keeping our fingers firmly crossed that your wedding can take place exactly as planned. If something should get in the way, however, our wedding insurance protects you from the financial consequences - for wedding celebrations all over Europe.

If your wedding has to be cancelled or postponed, we will cover the cancellation costs up to CHF 20,000 - for a premium of just CHF 135.

**Wedding insurance offers you protection for the following events, among others:**

- An important person, such as a wedding partner, relative or witness falls seriously ill, has a serious accident or dies.
- A key person is unable to travel to the wedding due to transportation breakdown.
- The organizer files for insolvency.
- The event rooms cannot be used due to fire, flooding or double booking.

**You can find out more and take out a policy directly online:**

**Of course, a free wedding ceremony or a reception following the registration of a civil partnership can also be insured.**
