

Zurich Bicycle insurance

Bicycles are dear to us whether it's a classic, e-bike, racing, mountain, city or touring one. Zurich Bicycle insurance insures "All Risk" with optimal protection against theft, damage and destruction.

Your benefits at a glance

- Insured against theft, damage, destruction: best protection for your bicycle or e-bike.
- Insured worldwide – embark on bicycle tours abroad worry-free.
- The "contingency insurance and costs" module offers protection for breakdowns – Europe-wide.

Who benefits from Zurich Bicycle insurance?

Anyone who wants full protection for their beloved bicycle or e-bike.

Benefits

Zurich Bicycle insurance protects you against the financial consequences of theft, loss as well as damage and destruction of your beloved bicycle or e-bike (All Risk insurance).

The cost of repurchasing your bicycle or e-bike with an item of the same kind and quality at 100% of the replacement value (dependent on the age of the bicycle), up to the contractual sum insured. The deductible can be set individually.

Coverage options

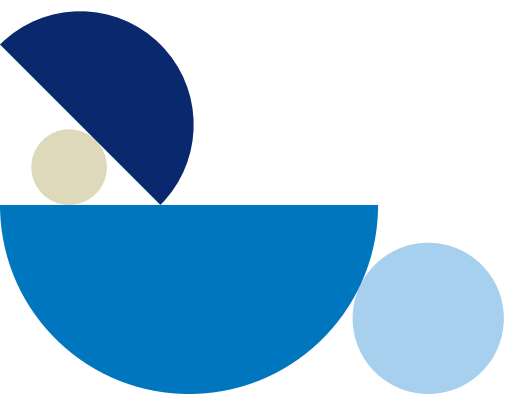

If you wish, you can supplement your All Risk insurance protection to ensure financial security in the following cases:

Contingency insurance and costs (incl. Breakdown assistance Europe)

With this additional coverage, you and one traveling companion benefit from our 24-hour on-site Breakdown Assistance should your insured bicycle or e-bike break down – anywhere in Europe. Any costs you incur as a result of the breakdown, e.g. the rental costs for a replacement bicycle, for missed overnight hotel stays or for a possible self-organized return or onward journey, are also insured. In addition, you benefit from temporary insurance coverage when purchasing new bicycles and e-bikes.

Earthquakes

This insurance coverage applies should this potentially most destructive natural disaster occur. Included are: Earthquakes and volcanic eruptions and consequential damage from looting.
